

Favorite Times

One of my favorite times of year is Autumn. Even in the Panhandle, the temperatures sometimes drop a little, and some leaves do change color. So, in general things are different and people start gearing up for sports events and holidays. At ADSO there is change as well. One important thing is the new show that opened October 6th—Steampunk. This is an exciting, different, show which should be enjoyed by all. And next up is the “Life’s a Beach” Competition. This is always a fun event with lots of colorful entries. Autumn is often a time for voting. That’s true here at ADSO as well. Please remember to cast your vote for next year’s Board of Directors. The results should be announced at the October Luncheon Meeting. Enjoy Autumn and try out some classes at ADSO. Try something new and fun. Hope to see you at a workshop or class in the coming months!

Successfully Starting a Plein Air Painting, Instructor Joan Vienot

Cost: \$65 member / \$75 non-member
Min/Max number of students: 6/15
Suitable for Beginner/Advanced
Students bring their own supplies;

Plein air painting offers a fun way to quickly improve your skills in seeing and painting. Joan Vienot, winner of the 2016 Bagdad Milton Plein Air Paint-Out and the 2015 Lynn Haven Local Color Plein Air Festival Paint-Out, will present how to utilize shape-making to start a Plein air painting in a way that will offer a high likelihood of success. Joan will show how to use recognizable shapes to make an interesting composition, will give tips and practice in thumbnail sketching using two and three values, and will demonstrate the initial layout of the composition using identifiable shapes. Joan will paint in oils, but the concepts also apply if using other media.

Class meets at ADSO studio for introduction and discussion (bring notepads) and then proceeds to Fort Walton Landing with painting gear for thumbnail sketching, demo, and painting.

For inclement weather Joan will have photo references for indoor painting and class will take place at ADSO studio. Artist's website: www.joanvienot.com

ART WEEK'S IN VIEW! Check Out the Competitions!

ART WEEK will be November 4-10. As in past years, it will include exciting classes and art competitions. The classes will cost \$25 for the first class and \$20 for each class that you choose to take thereafter. The class schedule will be out shortly; there are 20 different classes with all sorts of selections.

The Art Competitions this year are Ocean Awareness; Look What I Found!; Throw Your Hat in the Ring; and You Can't Keep a Good Artist Down! Below are the rules for these different competitions. There is an entry fee of \$5 for each entry, with awards given out during the Art Party on Friday, November 10. All work will be due Saturday, November 4, 1 pm–4 pm. Get ready!!!

OCEAN AWARENESS

Art, 2-D or 3-D, expressing your awareness of oceans. Do they make you think of beauty, ecology, recreation, fantasy, or???

LOOK WHAT I FOUND!

Art, 2-D or 3-D, made with recycled found objects. Look on the street, in your house, in backyards, beaches, restaurants (no, not leftover shrimp), or wherever you spot something artly.

THROW YOUR HAT IN THE RING!

Art, 2-D or 3-D, concerning a hat—either a decorated actual hat or the depiction, in any medium, of a hat (or hats)...either on or off a head!

YOU CAN'T KEEP A GOOD ARTIST DOWN!

Take some unsuccessful work(s) you've set aside and create a new piece of art. This doesn't mean (a) gessoing over a whole canvas and repainting it, nor (b) adding just a few elements to a piece of art to make minor changes, but really re-doing it as something completely new, as a greatly-enhanced work, perhaps in a different format, but with identifiable pieces from the original(s).

ART WEEK Classes

Don't forget: ART WEEK begins Saturday, November 4, and runs through Friday, November 10, when it winds up with our Art Party! As in past years, the week will be filled with exciting classes and fun art competitions.

The classes will cost \$25 for the first class and \$20 for each class that you choose to take thereafter. See note elsewhere about our Competitions! Be sure to enter!

Here's a list of the great classes on offer. For details about these and the art competitions, see the Art Week pamphlet which will be sent out with this Newsletter, is posted on our website, and is also available in the ADSO Gallery. Cost: \$70 member / \$80 non-member; includes model fee (tips encouraged)

This workshop will break it down using presentations, demos, and practice from a live, nude, model. Students bring their own supplies; plenty of paper 16"x20" or 18"x24"; drawing materials: vine charcoals, kneaded eraser, hard eraser, pencils/charcoals/or Conté crayons.

Pam Folsie to Show Work in New Orleans!

As a previous winner in their art competitions, Pam Folsie has been invited to show her work in the Poydras Home Bicentennial Art Competition on October 26, in New Orleans, in their Bicentennial Gala Celebration of 200 years of compassionate care and decades of support of artists. Since New Orleans is Pam's hometown, the invitation is particularly special. Congratulations!

ADSO'S Fund-Raising Projects

ADSO currently has two projects on the burner that are in need of funds, which is why we've been having fundraisers lately, thanks to the folks who donate time and talent to teach or cook hamburgers. These two projects are the development of our enlarged courtyard, so we can enhance it for use as an event and teaching space, and the repair of the storeroom (see photo) we were granted as part of our lease, on the far side of the Gem and Mineral Society. We are currently severely lacking in storage space, and this room will be excellent for the purpose, once the necessary repairs are made. Both of these projects are pricey, so please support ADSO efforts to raise money to improve your organizations services.

Thanks to City for Sidewalk Fix!!!

Many thanks to the City Crew, under the direction of Mr. Nathan Gunn, Streets and Stormwater Supervisor, City of Fort Walton Beach, for the great facelift given to the sidewalk outside the Clay Studio! Besides being a cosmetic assist, the work gives a much safe environment! ADSO truly appreciates this work!

Sale of Art Supplies!

On Saturday, October 14, Autry Dye is putting some of her art supplies on sale. Among other items on offer will be folding tables, chairs, a light box, an opaque projector, and much more. The sale will run from 9 am to 4 pm at her studio at 989 Great Oaks Drive, Gulf Breeze. Autry's phone number is 932-5806, and people are welcome to call before the sale.

Please Read. . .

Policy Regarding Retrieval of Work After Shows

The following policy, which has been in effect for over a year, is now being strictly enforced.

Works not collected from all ADSO shows, including special shows (Beaux Arts, Fair Show) on the designated dates, will incur a storage fee of \$10 per show. This fee will be collected for works held one day to two weeks after the show closing. ADSO will not be responsible or liable for any damage to those works during that time. After two weeks, unclaimed works will become the property of ADSO. Exceptions can be made for special requests made in advance.

Dues to Increase in January 2018

Beginning in January 2018, the Membership fee for ADSO will have a slight increase to \$50 for individual membership and \$60 for families. We are also going to begin enforcing the longstanding policy that has been ignored for quite a while, where a late fee of \$5 will be attached to any renewals done after January 31st. each year. If everyone renews by that time, we can get the Directory out in a more timely manner. So mark your calendar to renew in December or January! We will have membership renewal forms available at our super fun Christmas Party!!

EARN A "FREE" MEMBERSHIP!

Any member who volunteers for 50 hours (to match dues increase!) in a year, will qualify for a free membership in the following year. (For family dues, it would be 50 hours volunteer work plus \$10.) Think about this: A great way to participate in ADSO's activities plus earn a membership at the same time. Bonus: You'll work with some great folks.

PHOTO CLUB: Jim Eustace

September's shoot club meeting theme was weather. We had some marvelous pics of ominous clouds, bright beaches and studio replicated snow and rain. Fortunately we did not have any local pictures of the hurricane damage that happened to our state, neighbors and especially to our territories. Our thoughts and prayers to all effected. The meeting went well with an amazing display of talents, but we are missing the diversity of new blood and beginning shooters. Everyone there is eager to help others and especially those just starting out in the art.

Dale has resurrected and reconstructed an ADSO shoot club card to be placed in the art center's info rack. If you know of any interested please grab one for them.

Next month's theme is "If it moves, shoot it". The members are encouraged to capture motion with their cameras, whether it is to stop time in its tracks or just slow it to a blur. We are really looking forward to some old friends returning to the fold and especially new folks joining us. I will be giving a short presentation on something of great interest.

The best in show photo for September, "Whether?" might have been a misinterpretation of the theme!

Urban Sketchers

In October, the Urban Sketchers will meet on Saturday, October 21, at 9 am, at Harbor Walk, in Destin. Plans are to sketch for a few hours, then have lunch and discuss/share (or not) what we've drawn. For more information, and to let her know if you plan to attend, contact Holly Bain, bnhlly@gmail.com.

Drink & Draw

The Drink & Draw meetings take place in the evening on the fourth Thursday of the month. In October, the meeting will take place on Thursday, October 26, at 6 pm at Juana's Pagoda on Navarre Beach. For more information, and to let Holly know if you plan to come, contact her at bnhlly@gmail.com.

October Window Gallery:

Tera Fujan

In October, the art on display for easy viewing is that of Tera Fujan, working in Encaustic wax, a combination of beeswax and resin, painted while melted and manipulated with torch or carving tools and layered and textured.
